ITEM: _____ QUANTITY: _____

SPECIFICATIONS

The IA-10-AP is a modular serving counter with a mechanically cooled Vienna series air pan display unit. Featuring a 14-gauge stainless steel top, stainless steel interior base, plastic laminate exterior on three sides with stainless steel overlay trim in a criss cross accent. Black plastic laminate base conceals the heavy-duty adjustable legs.

Available depths: 38"

Available lengths: 48" 60" 72" 84" 96"

STANDARD FEATURES

- 14-Gauge Stainless Steel Top
- Stainless Steel 18-Gauge Base Cabinet Open Rear
- 6" Adjustable Legs with Removable Black Kick Plate
- Stainless Steel Criss Cross Overlay Trim #4 Finish
- Standard Grade Laminate Exterior
- 8'-0" 120 Volt Cord and Plug

- All Integration Series counter bases are fabricated in 18-gauge, type 304 stainless steel. Each counter top is fabricated in 14-gauge, type 304 stainless steel with a 2" drop edge and welded corners. Heavy duty 14-gauge cross bracing is provided as standard for additional stability and deflection resistance. Each unit is internally wired to accommodate either 120volt or 208volt operation to a factory-mounted junction box. All Integration Series counters are NSF listed for sanitation. All millwork exteriors are fabricated in accordance with AWI standards.

OPTIONAL FEATURES
